

## Instructor Rubric

<b>Score of 3</b>	<b>Score of 7</b>	<b>Score of 10</b>
<p><b><u>Your Slides</u></b></p> <p>Slide design drastically different than rest of presentation. Text is of an inappropriate size. Misspelled words. Figures or text are confusing. Overall slide shows little effort.</p>	<p>Slides follow the basic color and font scheme used in the rest of the presentation. Figures and text are appropriately sized. No spelling mistakes.</p>	<p>Slides compliment overall design scheme with some enhancements such as borders, shadows, subtle use of animation. Figures and text are appropriately sized. No spelling mistakes.</p>
<p><b><u>Your Presentation</u></b></p> <p>Showed little understanding of the material presented. Read directly from the slides. Did not explain or refer to figures.</p>	<p>Spoke with a clear knowledge of the information. Used the figures to explain the text for the audience.</p>	<p>Displayed thoughtful understanding of the information; clearly explaining and expanding upon figures. Summarized the significance of the information and how it related to the overall presentation.</p>

<b>Evaluation Category</b>	<b>Comments/Notes</b>	<b>Score (1-10)</b>
<u>The Question</u> Was the question or topic of the presentation clear? Was the question or topic scientifically significant and/or interesting?		
<u>The Information</u> Did the data and figures purposefully address the question? Did the presenters draw logical conclusions from their data?		
<u>The Presentation</u> Was their effort put into the design of the presentation? Did the presenters speak clearly without reading directly from their slides? Was the transfer between group members smooth?
